California International Registration Plan (IRP) Carriers and Registration Agents

Re: New Federal Motor Carrier Safety Administration Mileage Reporting Requirements for MCS-150 Updates Effective December 1, 2010

Dear Carrier or Registration Agent:

Starting December 1, 2010, the Federal Motor Carrier Safety Administration (FMCSA) will require that all MCS-150 forms must include an update to the "Mileage" field if Biennial Update or Change is selected as the reason for filing the MCS-150 form.

In the past, this field has been optional in the MCS-150 application, and could be left blank. However, any updates to the MCS-150 form submitted on or after December 1, 2010, must include Mileage information updated with number values.

If you have any questions regarding this new FMCSA requirement, **please contact the FMCSA at 800-832-5660.**

If you have questions specific to the processing of your California IRP apportioned registration, please contact the IRP Operations Section at (916) 657-7971.
