

CALIFORNIA COMMERCIAL DRIVER LICENSE SELF-CERTIFICATION FORM

Commercial driver license (CDL) holders must inform the Department of Motor Vehicles (DMV) regarding the type of commercial motor vehicle operation they drive in or expect to drive in with their CDL. Drivers are required to have a current medical examination report on file with DMV to obtain a "certified" medical status as part of their driving record. CDL holders required to have a "certified" medical status who fail to provide and keep their medical examination up-to-date with DMV will become "not-certified" and they may lose their CDL.
