You are required by law to notify the Department of Motor Vehicles (DMV) within five days from the date you sell or dispose of a vehicle or vessel. This form must be provided to the DMV to report a vehicle/vessel sale or transfer. The filing of this form does not constitute application for transfer of ownership (title).

Before your name is removed from DMV records related to this vehicle/vessel, the NEW OWNER MUST APPLY FOR TRANSFER using the endorsed Certificate of Ownership (Title) received from you. The new owner must complete all transfer requirements.

When this form is properly completed and the information is recorded by the DMV, liability for parking and/or traffic violations and civil litigation resulting from the operation of the vehicle/vessel after the date of sale, transfer, or lease return, becomes the responsibility of the subsequent new owners(s).

You may want to verify the new owner's identification to ensure the new owner is providing you with accurate name information. Keep a copy of the completed form for your records because collection notices can be received months/years after the vehicle/vessel has been sold. Do not ignore any collection notice. Refer to California Vehicle Code §5602 for requirements about releasing liability and any liability disputes.
