1. THE STUDENT LICENSE

1.001 The Student License

The “Student License” issued by the schools, with the cooperation of the Department of Motor Vehicles (DMV), is separate and distinct from the regular driver license. It permits a student in an approved driver training course to drive only at the direction and under the supervision of a qualified course instructor.

All students taking the laboratory phase (driver training) of driver education, should be issued a Student License. It is the only way the Department of Education is able to get a complete record of the students who receive this instruction.

1.005 Joint Control by Departments of Education and Motor Vehicles

The State Department of Education and the DMV have joint control of Student Licenses. The Student Licenses are to be issued by the school principal, or staff member assigned to such duty. DMV is required to provide the forms to be used and to establish the rules which govern the issuance of Student Licenses.

1.009 Eligibility

Vehicle Code Section 12650(a) states: “Any student over 15 years of age taking a course in automobile driver training, maintained pursuant to Article 12 (commencing with Section 41900) of Chapter 5 of Part 24 of Division 3 of Title 2 of the Education Code, in a secondary school or enrolled in a driver training course offered by a private or parochial school of secondary level may apply to the principal of the school for a Student License.”

Student eligibility for enrollment in a driver training course is defined by Section 51850 of the Education Code as follows: “The governing board of a school district maintaining a high school or high schools, a county superintendent of schools, and the California Youth Authority and State Department of Education in providing programs of high school education, may prescribe regulations determining who can profit by and who shall receive instruction in automobile driver training; provided, however, that no pupil shall be permitted to enroll in automobile driver training unless such pupil is presently enrolled in a course of instruction in automobile driver education, or has satisfactorily completed such course. The regulations shall be subject to such standards for driver education and driver training as may be prescribed by the State Board of Education. Where driver training is provided, such course of instruction shall be given in one or more of the grades 9, 10, 11, or 12. Pupils shall be as least 15 years and six months of age at the time of completion of a driver training course.”

1.013 Physical and Mental Qualifications

Applicants for Student Licenses must meet physical and mental qualifications satisfactory to the principal of the school (CVC §12806). The Department of Motor Vehicles’ Driver Safety Officers are able to advise about DMV requirements on an individual basis (see following paragraphs).
With regard to vision, the DMV uses a screening standard which calls for at least 20/40 visual acuity in both eyes combined and in the better eye. This score may be achieved either with or without glasses. In cases where the student’s vision is below this standard, the student should be referred to a vision specialist to determine if correction is possible. Any doubtful cases may be referred to the nearest Driver Safety Office of the Department of Motor Vehicles (see list in Section 1.015).

In cases of loss or functional impairment of limbs, vision, or hearing, the principal must determine if the disability is such that the student would be unable to meet the practical and safety requirements of the driver training course or profit from such instruction. It should be kept in mind that many students with disabilities may be able to secure driver licenses if the disability does not prevent them from safely operating a motor vehicle. DMV frequently licenses persons with disabilities, sometimes with special restrictions as to equipment or limitations on place and time of driving.

In cases involving chronic or temporary health problems, the principal should be guided by the student’s own physician. When this is not possible, or when the principal is in doubt, refer the matter to the nearest Driver Safety Office for evaluation. Any student with a history of epilepsy, insulin-dependent diabetes, brain tumor, cerebral palsy, head trauma, multiple sclerosis, stroke, or any condition causing lapses of consciousness, or any other disorder which affects the student’s ability to exercise reasonable and ordinary control in operating a vehicle upon a highway, must be referred.

Students with physical or mental impairment may be issued a Student License if the impairment does not create a driving hazard. Students who are addicted to narcotics and/or alcohol or use a drug which makes them incapable of driving safely must not be issued a Student License. In these instances, refer the applications to the nearest Driver Safety Office, with an explanation of the circumstances. The application will be reviewed and the Driver Safety Officer will decide if the application will be accepted, cancelled, or require further investigation.

When further investigation is required, the applicant is usually interviewed to determine his/her qualifications based on the evidence.

1.017 Cancellation

A Student License may be cancelled by the school principal or DMV whenever, in the opinion of either, the safety of the licensee or other persons requires the action. It shall be cancelled upon the written request of the parent or other person who signed the consent to issue the license. If the school becomes aware of such action, the student’s license should be withdrawn and filed in the school’s Student License File.

1.021 Fee

There is no fee to issue a Student License.

1.024 Term of License

A Student License may be issued only for the period covered by the course and in any event for a period not to exceed one year from the date of issuance. When a Student License expires before the completion of instruction, a new license may be issued upon compliance with all the requirements and procedures applicable to the original license.
PREPARATION, ISSUANCE AND DISPOSITION OF FORMS

2.001 Required Signatures

CVC §12650(b) states: “The application shall be signed by the applicant before the principal of the school, or a staff member assigned to such duty. The application shall be accompanied by a statement signed by the parents or guardian, or person having custody of the minor, consenting to the issuance of a Student License to the student and accepting liability for civil damages arising out of the student driving a motor vehicle upon a highway as provided for in Division 9 (commencing with Section 17000) of this code.”

2.005 Required Forms

For students under 18 years of age, the two forms listed below must be completed and retained in the school file for the period designated.

a. “Statement of Consent to Issue and Acceptance of Liability,” form DL 119. (Retain until student is age 21.)

b. “Application for Student License,” form DL 118. (Figure 1—Retain for three years.)

2.013 Statement of Consent to Issue and Acceptance of Liability form (DL 119)

A Student License may not be issued to a minor without the consent of the parent(s), guardian(s), or person(s) having legal or actual custody.

NOTE: See Section 2.015 for the form required when a student who is not a California resident is enrolled at the school or the student is a foster child with no available parent or guardian.

Before a Student License can be issued, a Statement of Consent to Issue and Acceptance of Liability form (DL 119), must be signed by both parents if they are living and have custody of the minor, or by the parent, guardian, or other person having custody. The completed form is to be returned to the principal or staff member and kept in the student’s file when the license is issued. Consent is not required for students 18 years of age or over.

Please see pages 17 through 21 for completed examples of Statement of Consent to Issue and Acceptance of Liability (DL 119). These examples illustrate various situations pertaining to custody. If one parent does not sign, an explanation is necessary for the missing signature. If someone other than the parents signs, that person must be identified and explain how custody was acquired. Complete information regarding custody and relationship, if any, should be given on the reverse side of the consent statement form.

The consent form must be retained by all schools until the student’s 21st birthday.
2.015 Statement of Facts Form (DL 38)

CVC §12650(c) states: “Notwithstanding any other provision of this code, if the person or persons required to sign a statement consenting to the issuance of a student license and accepting liability as provided in subdivision (b) are not residents of this state and the student resides at the school, or the student is a foster child with no parents or guardian available to sign this statement, the application may be accepted if the principal of the school or staff member assigned such duties certifies that the school has filed with the Department a certificate of insurance carrier or surety company that there is in effect a policy or bond meeting the requirements of Section 16056, and that such policy or bond will cover the liability for civil damages arising out of the student driving a motor vehicle upon a highway.”

When the person or persons required to sign a statement consenting to the issuance of a student license and accepting liability are not residents of this state and the student resides at the school, or the student is a foster child with no parents or guardian available to sign the statement, the application may be accepted if the principal or staff member assigned such duties certifies on a DL 38 that the school has filed an *Employer’s Insurance Certificate (SR 75)* showing there is in effect a policy or bond meeting the requirements of Section 16056 (see Vehicle Code Section 12650[c]).

An example of a *Statement of Facts Concerning Minor and Certification of Insurance Coverage (DL 38)*, is shown on page 12. A DL 38 must be retained until the student’s 21st birthday.

Schools that file an *Employer’s Insurance Certificate (SR 75)* by an insurance carrier doing business in California should request a blanket filing by their insurance carrier for all students in this category. The filing will establish compliance with the provisions of CVC §12650. An example of the SR 75 form is shown on page 35.

2.017 Application/Student License Form (DL 118)

The *Application/Student License Form (DL 118)* is a single form which doubles as an application and a student license. An example of the DL 118 is shown on page 15. It should be completed as follows:

a. Date Issued: Indicate month, day, and year when the Student License will be issued to the student.

b. Expiration Date: Enter appropriate date.

c. Name: Type or print the student’s full name in proper order (no nicknames). If the student does not have a middle name then only the first and last names are used. If the middle name is only an initial, it should be placed in quotes (example: John “R” Doe).

d. Home Address, City and Telephone Number: Complete as indicated.

e. Date of Birth and Age: The month, day, and year of birth must be. A Student License cannot be issued to a student under age 15.
f. Married: Indicate “yes” or “no.”

g. Grade Level: Give grade in which student is enrolled at time of license issuance (must be grade 9, 10, 11, or 12).

h. Signature of Applicant: The student’s written signature is necessary. It may be a shortened version of the full name but must otherwise agree.

i. Issuing School and District Code Numbers: The issuing school and the district code number must be identified on the application. Please do not omit this information.

j. Signature of School Principal or Authorized Staff Member: The signature of the school principal or authorized staff member is required.

k. Instructor’s Name, Driver License Number, and Record of Student: This part of the form is used to record the results of the student’s participation in the course.

l. When the course is completed or failed, or the license has been cancelled, make the appropriate notations as follows:

1. If the student does not complete the course or fails it, the line labeled “Cancelled by ______” must be completed and the date entered. The appropriate “failed” or “dropped” box must also be checked.

2. If one or both of the parents or other person having custody requests that the Student License be cancelled, the line labeled “Cancelled by ______” must be completed and the date entered.

3. When the student successfully completes the course, the square labeled “Satisfactorily Completed” must be checked, and the date entered.

The DL 118 must remain in the possession of the school instructor. While the student is receiving instruction, the permit must be available. This may be accomplished by having it attached to a clipboard in the driving compartment.

Public schools must maintain the form for three years for Department of Education audit purposes.

Private and parochial schools may retain or destroy the Student License (DL 118) after student participation is completed.

If an application is ruined or voided for any reason, it should be destroyed.

2.021 Duplicate Student Licenses

When a Student License is lost or destroyed, the school may issue a duplicate. A new “Consent to Issue” form is not required. The original date of issuance should be shown in the space for “Date Issued.”
3. DRIVER EDUCATION AND TRAINING CERTIFICATES

3.001 Statutory Authority for Certificate Issuance

CVC §12814.6 requires that persons at least 16 years of age but under 18 years of age must submit evidence of completion of both driver education (classroom) and driver training (laboratory phase of driver education) before they may be issued a driver license. The amount and quality of such education and training is specified in Section 50.45, Article 2.2, Chapter 1, Title 13, of the California Code of Regulations.

CVC § 12509 allows for the issuance of an instruction permit to persons between 15 ½ and 17 ½ years of age, provided they have completed driver education and have completed, or are enrolled in driver training. The instruction permit becomes valid for use only when driver training is begun or has been completed. The instruction permit authorizes a person between 15 ½ and 17 ½ years of age to participate in driver training instruction or practice that instruction while accompanied by, and under the immediate supervision of, a California licensed driver with a valid license of the appropriate class, 25 years of age or older whose driving privilege is not on probation. The age requirement does not apply if the licensed driver is the parent, spouse, or guardian of the permit holder or is a licensed or certified driving instructor (CVC § 12814.6).

3.005 Prohibition of Motorcycle Operation

Operation of a motorcycle, motorized bicycle, or motor-driven cycle is not permitted unless the person is at least 15 ½ years of age, has completed automobile driver education and training, has passed the appropriate Class M1 or M2 (motorcycle) written test, and has had the permit endorsed for Class M1 or M2 driving.

CVC §12804.9(i) requires that persons under the age of 21 years must satisfactorily complete a motorcycle training course that is approved by the California Highway Patrol before a motorcycle license or endorsement is issued.

3.007 Completion of Forms by Instructor or School Official

All forms used for certifying the completion of driver education or the completion of, or enrollment in, driver training must be signed by the instructor or authorized employee. An original signature is required.

Do not permit students to complete information on certificates; it frequently leads to fraud or error.
3.011 Certificates of Completion of Classroom Driver Education and Driver Training

Every student who successfully completes the approved course in driver education or both classroom and laboratory driver training in a secondary school is entitled to be issued one of the following:

• DL 387 (PINK FORM) — Certificate of Completion of Classroom Driver Education, Public Secondary School. Example of this form is shown on page 21.

• DL 387A (SALMON FORM) — Certificate of Completion of Non Classroom Driver Education, Public Secondary School. Example of this form is shown on page 22.

• DL 387B (YELLOW FORM) — Certificate of Completion of Driver Education, Private Secondary School. Example of this form is shown on page 23.

• DL 400B (BLUE FORM) — Certificate of Completion of Driver Education, DMV Licensed Driving School. Example of this form is shown on page 32.

• DL 400C (PINK FORM) — Certificate of Completion of Non-Classroom Driver Education, DMV Licensed Driving School. Example of this form is shown on page 33.

These forms must be completed in ink and signed by the instructor or authorized employee. This form may not be used by licensed driving schools.
3.014 Completion of Driver Training Only

Some students will have completed classroom driver education at a licensed driving school or other institution. The student will usually be able to produce a form DL 400B, Certificate of Completion of Driver Education, DMV Licensed Driving School attesting to this fact. If the secondary school is graduating the student in driver training only, it is appropriate to submit one of the following forms:

- DL 388A (BLUE FORM) — Certificate of Completion of Behind-the-Wheel Training, Public Secondary School. Example of this form is shown on page 27.
- DL 388C (ORCHID FORM) — Certificate of Completion of Behind-the-Wheel Training, Home School/Private School Satellite Program. Example of this form is shown on page 29.
- DL 400 (ORCHID FORM) — Certificate of Enrollment in an Integrated (Classroom) Driver Training Program, DMV Licensed Driving School. Example of this form is shown on page 30.
- DL 400A (ORCHID FORM) — Certificate of Completion in an Integrated (Classroom) Driver Education and Driver Training Program, DMV Licensed Driving School. Example of this form is shown on page 31.
- DL 400D (GOLD FORM) — Certificate of Completion of Behind-the-Wheel Training, DMV Licensed Driving School. Example of this form is shown on page 34.

This is to show that driver training has been given to the student. The form is signed by the instructor.

3.017 Inclusion of Birth Date Certificates

A space for the student’s birth date has been provided on the certificates. The birth date, when shown, will help to correctly identify the student.

DMV does not accept driver education or driver training certificates for birth date verification.

3.021 Certificates Issued on Basis of Out-of-State Instruction

A California secondary school may issue students certificates for completion of driver education and/or driver training when such instruction was obtained in a secondary school of another state, providing the California school has accepted such instruction as being equivalent and acceptable for credit in its own curriculum. Students may obtain verification directly from the out-of-state school. The form To Secondary Schools Other Than California Schools (DL 33) provides information and a guideline for verification of out-of-state driver education/training courses. This form can be found on-line at www.dmv.ca.gov. An example of DL 33 is shown on page 11.
4. APPLYING FOR A DRIVER LICENSE

4.001 Application Form

When the student is eligible to apply for a driver license or instruction permit at a DMV office, the student may be given a copy of the Driver License or Identification Card Application (DL 44, Fig. 1). Complete information for licensing requirements is contained in the California Driver Handbook (DL 600). The form, properly completed, accompanied by the appropriate required forms—birth certificate, social security number, etc., will save the student and the parents extra trips to the DMV office.

Since a student must provide a certificate(s) showing proof of completion of driver education and driver training or completion of driver education and enrollment in driver training prior to obtaining an instruction permit, the DL44 should be given to a student only at the time the certificate(s) is issued.

NOTE: The DL 44 now has a voter registration form as a second sheet. Persons under the age of 18 years are not eligible to vote so this page may be discarded.

Persons 18 years of age or older may complete the voter registration form and submit it with the DL 44 when applying for the driver license or learner’s permit.

4.005 Extended Service

It may be possible to arrange to have DMV personnel visit the school at a prearranged time and issue instruction permits to an entire class in lieu of the students going to the DMV office. The students must have all the necessary documents, a properly completed DL 44 and the appropriate application fee if that occurs.

To find out whether your local DMV office can provide this service, please contact the office manager at least a month in advance.
5. ILLUSTRATED FORMS
