

## VERIFICATION AUTHORIZATION

As part of the driver license/identification (DL/ID) card application process, the Department of Motor Vehicles (DMV) electronically verifies any immigration document(s) you may present with the Department of Homeland Security (DHS) – U.S. Citizenship and Immigration Services. Your document(s) could not be electronically verified in the DMV office during your visit. Your authorization is needed before DMV can complete the process of verifying your document(s). DMV will only use this information to determine your eligibility for a driver license or identification card. This authorization is valid for one year from the dateline stamp below.

I, \_\_\_\_\_, authorize

PRINTED NAME

DMV to share my DHS-issued document(s) with DHS in order to verify my status and complete my DL/ID application.
