

Income-Based Clean Air Vehicle Decal Program

DIGITAL INFORMATION BRANCH • CUSTOMER SERVICES DIVISION • © 2020 STATE OF CALIFORNIA, DEPARTMENT OF MOTOR VEHICLES. ALL RIGHTS RESERVED.

Implementation Date: January 1, 2020

New Policy

Effective January 1, 2020, new legislation established an Income-Based Clean Air Vehicle Decal (IB-CAVD) Program. This program will allow an eligible clean air vehicle (CAV) that was issued a CAV decal prior to January 1, 2017, to be issued another decal valid until January 1, 2024, if the new registered owner's gross annual household income meets the specified income threshold.

Procedures

Applicants should verify their vehicle is on the California Air Resources Board (CARB) Eligible Carpool Sticker List at arb.ca.gov before applying for a CAV decal.

- The current registered owner must **not** be the same owner of the vehicle when the original decals issued **prior** to January 1, 2017, expired.
- The registered owner's gross annual household income is at or below \$65,777 (amount subject to change).

NOTE: Some CAVs previously eligible for the program have been removed from the list of eligible vehicles. For example, ultra low-emissions vehicles (ULEVs-white decal) are no longer eligible for the CAVD program and were removed from the list. CARB has also removed some older electric vehicles from the list.

IB-CAVD Program Forms

- Income-Based Clean Air Vehicle Decal Program Application (REG 1000 IB, NEW. 1/2020) (see Attachment A) was created:
 - This form requires the disclosure of the annual income of all members of the registered owner's household, age 17 and older, who reside together and share common living expenses, regardless of if they are related. This includes, but is not limited to, a spouse, significant other, family member(s), and/or roommate(s). Examples of income include wages, unemployment, social security, public assistance, pensions, alimony, and/or any other miscellaneous sources of income.
 - All REG 1000 IB forms are subject to review by the Franchise Tax Board (FTB) or another income verification entity.
 - The completed REG 1000 IB must be submitted with a completed Application for Clean Air Vehicle Decal (REG 1000, REV. 1/2020).
- REG 1000 was revised in section 2 as follows (see Attachment B):
 - An "Income-Based CAV Decal Program (REG 1000 IB required)" checkbox was added, under the "Transfer to new owner" checkbox.
 - The exhaust standards section was removed. This item will be automatically filled when the application is keyed into the Clean Air Decal (CAD) database.
 - Under "Vehicle Motive Power," the "Compressed Natural Gas (CNG) (N)" selection was expanded to include "Original Manufacturer Equipment (example: Honda, Ford, etc.)" or "After Market" manufacturer (examples: BAF Technologies, IMPOC, Landi Renzo, etc.)

IB-CAVD Program Forms, *continued*

- An advisory was added to bring to the vehicle owner's attention that clean vehicles' natural gas tanks do expire and the dangers of an expired fuel tank. Customers can find information on CNG Fuel System and Tank Maintenance on the United States (U.S.) Department of Energy's website at afdc.energy.gov.

Additional Important Information

- Dealerships cannot apply for the IB-CAVD Program, as it is based on the new registered owner's total annual household income.
- The IB-CAVD will be valid from January 1, 2020, through January 1, 2024, regardless of when the applicant applies for the decal.
- The vehicle **must** be registered in the applicant's name. For recently acquired vehicles, the transfer of ownership from a dealership or private party must be completed before the required applications can be submitted.
- Applicants must submit the completed REG 1000 **and** REG 1000 IB forms together; the vehicle ownership information on both forms **must** match.
- Field offices must **not** receipt payment for the IB-CAVD Program; all applications and payment must be sent to the Special Processing Unit (SPU).

Continue to follow all other procedures for CAV decals in Chapter 25 of the *Vehicle Industry Registration Procedures Manual*.

Background

Senate Bill 957 (Chapter 367, Statutes of 2018), established an Income-Based Clean Air Vehicle Decal Program authorizing the Department of Motor Vehicles (DMV) to issue a CAV decal, valid from January 1, 2020, through January 1, 2024, to a vehicle that was issued a CAV Decal prior to January 1, 2017. If the new registered owner's gross annual household income is at or below 80 percent of the state median income, as designated by the California Department of Housing and Community Development. For the purposes of this program, the statewide median income is subject to change every fiscal year (July through June).
