☑ Additional Information attached.
A Cruise autonomous vehicle ("Cruise AV"), operating in autonomous mode, was rear-ended on 14th Street. The Cruise AV, in the right of two eastbound lanes, was traversing the intersection at Valencia Street. Slightly ahead in the left lane next to the Cruise AV, a vehicle drifted into the Cruise AV’s lane. The Cruise AV responded by decelerating, and was rear-ended by a Honda Accord. The parties exchanged information. The driver of the Accord apologized, saying that a leg cramp prevented him from braking sufficiently. The police were not called.
