Use a PO Box?

Proof of a physical address is required. A PO Box can be used as the mailing address to receive your REAL ID, but your residency document must display a PO Box and physical address.

What if I do not have one of the above residency documents?

You can use a relative's (parent, child, spouse/domestic partner) residency document if you live at the same address and provide a document (such as a birth or marriage certificate) that shows that relationship.
