TITLE 13: DEPARTMENT OF MOTOR VEHICLES

NOTICE IS HEREBY GIVEN
The Department of Motor Vehicles (department) proposes to amend sections 206.00, 206.02, 206.04, 206.06, 206.08, 206.10, and 206.12 and adopt sections 206.14 and 206.16 in Article 3.3, Chapter 1, Division 1, Title 13 of the California Code of Regulations, relating to the Special Interest License Plate program.

PUBLIC HEARING
A public hearing regarding this proposed regulatory action is not scheduled. However, a public hearing will be held if any interested person or his or her duly authorized representative requests a public hearing to be held relevant to the proposed action by submitting a written request to the contact person identified in this notice no later than 5:00 p.m., fifteen (15) days prior to the close of the written comment period.

DEADLINE FOR WRITTEN COMMENTS
Any interested party or his or her duly authorized representative may submit written comments relevant to the proposed regulations to the contact person identified in this notice. All written comments must be received at the department no later than 5:00 p.m., January 28, 2019, the final day of the written comment period, in order for them to be considered by the department before it adopts the proposed regulation.

AUTHORITY AND REFERENCE
The department proposes to adopt these regulations under the authority granted by Vehicle Code section 1651 and 5110, in order to implement, interpret, or make specific Vehicle Code sections 5101 and 5105.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW
Vehicle Code section 1652 authorizes the department to establish and prescribe forms necessary to process registration transactions. The information requested on the department’s application forms allows the department to verify the appropriate records are being updated and ensure the correct plates, cards, documents, or other departmental indicia are being issued. The department’s regulations identify forms by name, form number, and revision date to ensure interested parties are aware of the current version of that form that is to be submitted to the department at the time of application. Because so many department forms are available online, it is necessary for clarity that the regulations identify the correct revision date.

The July 2000 version of the special license plate application form was used for both special interest and special recognition license plates and included a fee schedule on the second page. Since then the REG 17 was amended to remove the special recognition license plates making it easier to complete and the fee schedule was moved to a Fast Facts informational brochure, which is provided to applicants by the department in hardcopy or online. The REG 17A was developed as the application for special recognition license plates.
Anticipated benefits of the proposed regulation are discussed below in the Results of Economic Impact Assessment/Analysis section of this document and discussed in the Initial Statement of Reasons document.

CONSISTENCY AND COMPATIBILITY WITH STATE REGULATIONS
The department conducted a review of other state regulations and has concluded there are no other regulations that establish application guidelines for the special interest or special recognition license plate programs. Therefore, the proposed regulations are neither inconsistent nor incompatible with existing state regulations.

COMPARABLE FEDERAL STATUTES OR REGULATIONS
The department conducted a review of federal regulations and statutes and has determined that no other regulations address the application for Special Interest or Special Recognition license plates.

DOCUMENTS INCORPORATED BY REFERENCE
The following documents are incorporated by reference:

- Special Interest License Plate Application, form, REG 17 (Rev. 7/2018)
- Special Recognition License Plate Application, form REG 17A (Rev. 11/2017)

The form REG 17 and the form REG 17A will not be published in the California Code of Regulations because it would be impractical and cumbersome to do so; however, the documents are readily available to interested parties by contacting the department representative identified below.

ECONOMIC AND FISCAL IMPACT DETERMINATIONS
The department has made the following initial determinations concerning the proposed regulatory action:

- Cost or Savings to Any State Agency: None.
- Other Non-Discretionary Cost or Savings to Local Agencies: None.
- Costs or Savings in Federal Funding to the State: None.
- Effects on Housing Costs: None.
- Cost to any local agency or school district requiring reimbursement pursuant to Gov. Code section 17500 et seq: None
- Cost Impact on Representative Private Persons or Businesses: The department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- Small Business Impact: This proposed regulatory action may affect small business.
• **Local Agency/School District Mandate:** The proposed regulatory action will not impose a mandate on local agencies or school districts, or a mandate that requires reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

• **Significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states:** The proposal will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. If an applicant is a business, the proposed amendments do not present any change that would have any economic impact on businesses.

**RESULTS OF THE ECONOMIC IMPACT STATEMENT**
The department has made the following determinations when assessing the economic impact associated with this proposed regulation:

• **Creation or elimination of jobs or creation of new businesses or elimination of existing businesses within the State of California:** As these proposed regulations establish the separate application forms for Special Interest License Plates and Special Recognition License Plates and make clarifying amendments, the department has determined that this proposed action will neither create nor eliminate jobs within the State of California, nor will the proposal create new businesses or eliminate existing businesses within California.

• **The Expansion of Businesses Currently Doing Business Within the State of California:** These regulations are unlikely to expand businesses within the State of California.

• **Benefits of the Regulations to the Health and Welfare of California Residents, Worker Safety, and the State’s Environment:** These proposed regulations establish the separate application forms for Special Interest License Plates and Special Recognition License Plates and make clarifying amendments. As a result, this action is unlikely to produce benefits to worker safety or the State’s environment. However, the welfare of California residents may benefit when applicants for a Special Interest or Special Recognition license plate are clear on how to apply and the department is able to process those applications expediently and accurately.

**Public Discussion of Proposed Regulations:** A pre-notice workshop, pursuant to Government Code section 11346.45, is not required because the issues addressed in the proposal are not so complex or large in number that they cannot easily be reviewed during the comment period.

**Alternatives Considered:** The department must determine that no reasonable alternative considered by the department or that has otherwise been identified and brought to the attention of the department would be more effective in carrying out the purpose for which the action is proposed, or would be effective as and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.
Contact Person:  Any inquiries or comments concerning the proposed rulemaking action may be addressed to:

Tracy Brazil, Regulations Analyst
Department of Motor Vehicles
Legal Affairs Division
P.O. Box 932382, MS C-244
Sacramento, CA 94232-3820

Any inquiries or comments concerning the proposed rulemaking action requiring more immediate response may use:

Telephone: (916) 657-8919
Facsimile: (916) 657-6243
E-Mail: LADRegulations@dmv.ca.gov

In the event the contact person is unavailable, inquiries should be directed to the following back-up person:

Randi Calkins, Regulations Analyst
Department of Motor Vehicles
Telephone: (916) 657-6469

Availability of Statement of Reasons and Text of Proposed Regulations: The department has prepared an Initial Statement of Reasons for the proposed regulatory action, and has available all the information upon which the proposal is based. The contact person identified in this notice shall make available to the public upon request the Express Terms of the proposed regulatory action using underline or italics to indicate additions to, and strikeout to indicate deletions from the California Code of Regulations.

The contact person identified in this notice shall also make available to the public, upon request, the Final Statement of Reasons and the location of public records, including reports, documentation and other materials related to the proposed action. In addition, the above-cited materials (the Notice of Proposed Regulatory Action, the Initial Statement of Reasons, the application forms, and Express Terms) may be accessed at www.dmv.ca.gov/about/lad/regactions.htm.

Availability of Modified Text: Following the written comment period, and the hearing if one is held, the department may adopt the proposed regulations substantially as described in this notice. If modifications are made which are sufficiently related to the originally proposed text, the fully modified text, with changes clearly indicated, shall be made available to the public for at least 15 days prior to the date on which the department adopts the resulting regulations. Request for copies of any modified regulations should be addressed to the department contact person identified in this notice. The department will accept written comments on the modified regulations for 15 days after the date on which they are first made available to the public.
