Re: Annual Report of Autonomous Mode Disengagements

Dear Mr. Aoki,

Faraday&Future Inc. ("FF") is submitting its Annual Report of Autonomous Mode Disengagements pursuant to California Code of Regulations Title 13, Article 3.7, Section 227.46.

In 2018, we continued to drive our vehicles on public roads and collect sensor data related to autonomous systems. However, FF did not operate any vehicles in autonomous mode on public roads during the reporting period December 1, 2017 - November 30, 2018.

FF has been extensively testing our vehicles in autonomous mode at our private headquarters over the last 2 years, and we aim to begin testing in autonomous mode on public roads by the end of 2019.

Please feel free to contact me with any questions.

Sincerely,

Shyam Sundar

Administrator of Autonomous Driving Program
